

Te Runanganui – Sept 2017

MOTION 4 TŪRANGAWAEWAE

We uphold the centrality of tūrangawaewae as the foundation for whanau life. It is the space that gives us the best opportunity and environment from which to learn, grow and contribute. It is essential for the wellbeing of our tamariki, whanau and ngā uri whakatipu (future generations). Tūrangawaewae creates accountability for ensuring resilience and living sustainably in balance with the world and others. At present our tūrangawaewae is under threat, whether it be child poverty, homelessness, climate change or the ongoing marginalisation of our reo and mana Māori motuhake. We encourage all political parties to review their policies and aspirations to ensure tūrangawaewae is upheld and enhanced in this land.

MOVED: The Ven Dr Hirini Kaa

SECONDED: Mrs Mira Martin
